### A COMPLETE STOCK OF

## SCHOOL BOOKS...

There are so many little items that the scholar requires that it's almost impossible to think of them all. If you will look over our ample and complete stock of school requisites you will be sure to find many necessary articles and also a splendid variety of minor things which may not be absolutely necessary, but will make the school work easier and the results much more satisfactory. A partial list which we give may help you to think of something you'll need at the beginning of the term.....

Composition Papers, Writing Papers, Writing Tablets, Pencils, Drawing Pencils, Pens, Pen Holders, Erasers, Inks, Crayons, Rulers, Dividers, Drawing Papers, Paste, Mucilage, Sponges, Drawing Instruments, Students' Companions, Etc., Etc.

You are sure to find everything you need in our stock. It would be hard for anybody to name an article in school supplies we do not carry. The values are exceptionally good and the saving you will make in purchasing of us is worth considering.....

### VACATION DAYS ARE OVER.

Vacation days are over, and next Monday morning, September 4th, will see the pupils wending their way toward the building where book knowledge is gained. Some will go with whistle and song, some demurely and quietly, some with elasticity of step and some with slow, lagging feet, but the majority are ready and willing to return to school duties and why shouldn't they be. Note the smooth cement walks which lead to the building, the beautiful, large new building, itself, with every arrangement, exterior and interior, for the comfort and care of the pupils, and note the efficient corps of ten instructors, who carefully and painstakingly teach the "young idea how to shoot."

Parents, tell your children how you used to go to school, through mud and water, dust or deep snow, from half a mile to perhaps two or three. Tell of the hard wooden benches on which you used to sit and the primitive books, the contents of which became your teachers' privilege to pound into your heads. Inculcate in your children a healthy love for their school and their teachers. Teach them to be proud that they are able to attend with all the advantages which Yale school gives them. Be proud yourself, that they may here receive, and thoroughly receive, the best of high school education, that they can be fitted for the university, if they like, or can receive good training to be teachers themselves. We have as fine educational advantages in Yale as in any place of its size in the state and each year sees our school growing better and better.

Below we publish a list of the teachers engaged for the coming year:

#### HIGH SCHOOL.

C. E. Kellogg, Superintendent.  
Vida E. Roper, Principal.

Maudie Pearce, 5th grade.

#### INTERMEDIATE DEPARTMENT.

Blanche Parkinson, 4th grade.

Margaret McKenzie, 3rd grade.

#### PRIMARY DEPARTMENT.

Mabelle Herbert, 2nd grade.

Phoebe Roy, 1st grade.

### AN AUTOMOBILE BURNED.

M. P. Newell and a party of friends started from Port Huron Wednesday to run to Detroit in an automobile belonging to Mr. Newell, but failed to reach their destination. When near the Haviland farm in Columbus the machine ran into the ditch and balked. The tall, dry grass caught fire, the flames were communicated to the gas oil and in a very few moments the \$1,500 touring car was worth about fifteen cents. None of the party, which included several ladies, were in any way injured, and all were brought here by one of the Ramsey boys and returned to Port Huron on the train.—Richmond Review.

### M. P. APPOINTMENTS.

The following appointments were made at the conference of the Methodist Protestant church held at Flint last week:

President of the conference, W. C. Harger, dean of Adrian college, J. W. Gray, D. D.

Port Huron district—W. F. Oliver, chairman; Riley and Berlin, W. F. Oliver; Yale, J. Caldwell; Smith's Creek, F. E. Kinsman; Goodells, R. C. Powell; Peck, G. L. Traver; Greenwood, J. W. Heminger; Grant, S. G. Brundage; Banner, L. Mead.

W. H. Mitchell has been appointed to the Kinde circuit.

A. E. Miller is now a conference evangelist, and his son Ira is among those who attend Adrian college.

### A COMPLETE SURPRISE.

Fred McConnell, residing west and south of Yale, was not only completely but pleasantly surprised on Tuesday, Aug. 28, by about thirty-five of his relatives and friends dropping in on him. The occasion was to celebrate the fifty-fifth birthday of Mr. McConnell. All sat down to a hearty dinner prepared by Mrs. McConnell. After the feast of good things Mr. McConnell was presented with a set of nice chairs, a shaving set and other valuable and useful presents.

Before returning home the company wished Fred a long and prosperous life and that they might enjoy many more such pleasant birthdays with him.

### TO CURE A COLD IN ONE DAY.

### PROSPECTS BRIGHT FOR R. R.

So Says the Tribune About the Bay City and Port Huron Project.

The Bay City Tribune in its last Sunday's issue says that it has been informed by those who are in a position to speak advisedly that everything is in shape for the completion of the Bay City and Port Huron railroad within a year from this date, provided the people interested at its terminals and along the line extend to the enterprise the support to which it is entitled.

The terminals at Bay City and Port Huron and the franchise in those cities have been secured. A large portion of the right of way between the two cities has been secured and good beginning has been made in obtaining bonus notes. If the promises as to aid which have been made are carried out, the arrangements made will insure the building of the road. A great deal of work has been done in addition to that to which reference is made.

A preliminary survey has been made, this survey and the entire line have been carefully scrutinized, and a new survey will have to be made before the contracts are let. This survey will be made as soon as possible, and it will be the foundation for the letting of the contracts, and if by that time the assurances as to aid make good the contracts will be let and part of the work done this fall.

The matter of aid will formally be brought to the attention of the Bay City and Port Huron people within a short time.

While those back of this project are reticent on the subject, it is learned that there is every probability that the road will be extended to meet with a road now in operation out of Manistee, thus giving practically an air line route across the state, which means much to the territory traversed.

### DEATH'S DOINGS.

Mrs. Thomas Curvin died at her home near Brown City, Sunday morning, August 27, 1905, after an illness of a few hours. Her death was a sudden shock to the community and all who knew her. She was a loved and devoted wife and mother, neighbor and friend and leaves to mourn her loss a loving husband and twelve children, five daughters and seven sons, besides a host of friends.

After suffering but a few hours she lay down by the way side and using her burden as a pillow fell into that dreamless sleep that kissed down her eyelids. Still in storm she was oak and rock, in sunshine vine and flower, and the many flowers bestowed upon her were tokens of affections from kind and loving friends. The pure and gentle mother whispered with her last breath "all is well." Speech cannot contain our loss. God is his own interpreter and he will make it plain.

Those from West Brockway who attended the funeral on Tuesday were Mr. and Mrs. Thomas Staley, Mrs. Wm. Freeman and daughter Nina, Mr. and Mrs. Charles Carson, Mrs. Geo. Mosher and Miss Carrie Boughner.

Robert Huston, an old pioneer of Greenwood township, dropped dead at his home yesterday, aged 87 years.

### TO THE PUPILS.

All pupils who are planning to take examinations this fall to pass off conditions in any studies should be at their schoolrooms next Monday morning at nine o'clock. Unless previously excused pupils will not be given this examination later.

All pupils should report to their respective teachers on Monday morning for instruction as to books, and for assignment of lessons. Regular class work begins Tuesday, Sept. 5.

Foreign pupils who will enter the ninth grade should bring their eighth grade diplomas with them.

Remember that we give special attention to the preparation of teachers for teacher's examination. Everyone who took this course last year has a certificate now.

Do not decide to go away to college until you have talked with me about it. It is a waste of time and money to go before you are prepared for it.

C. E. KELLOGG,  
Superintendent.

### Farm For Sale.

Eighty acres of land situated on the Brockway road, 2 1/2 miles north of Yale—fairly good buildings—orchard—farm fairly well fenced—plenty of water on place—soil, sandy loam—would make a splendid stock farm. Will sell or rent for a term of years. Call on or address Mrs. J. P. Halstead, Yale. 18-2
